

## **Initial Teacher Training with Teach Surrey, accredited by George Abbot SCITT**

We are proud to be part of Teach Surrey, a partnership of Surrey based schools providing School Direct Initial Teacher Training accredited by the highly respected and well-established George Abbot SCITT.

You could train with us in a full or part-time, salaried or unsalaried training placement in a wide range of secondary subjects.

George Abbot SCITT has over 15 years' experience leading School Centred Initial Teacher Training and has trained over 300 teachers, the vast majority of whom went on to work in Surrey schools with many now in positions of responsibility. Both Ofsted and our past trainees have rated George Abbot "Outstanding" as a Provider.

School Direct & Core training with Teach Surrey leads to the award of Qualified Teacher Status (QTS) and trainees have the option to study for a PGCE at Masters level in conjunction with Kingston University, as well as the chance to specialise in Special Educational Needs.
