

“Fantastic department, with a great team ethos, fully supported by a highly skilled technician. This allows more time spent planning outstanding lessons and being able to deliver them regularly so that every learner can progress through their school life no matter what ability”.
Nathan Jackson, Resistant Materials/Product Design Technology NQT+1

Fullbrook is a mixed 11-18 Academy classified by Ofsted in March 2017 as Good. In 2017, 84% of students achieved 5 or more GCSEs at 4+ including English and Maths.

At Fullbrook we believe that all students should be challenged to achieve more than they ever thought possible, and offer a variety of extra-curricular activities, including the Duke of Edinburgh scheme to enhance our students' talents.

We are seeking to appoint an enthusiastic teacher of Design & Technology with a specialism in Resistant Materials and ability to teach other Technology areas at KS3 to join a forward thinking faculty where 83% of students achieved A*-C at GCSE in Design Technology last year, while follow on study in A Level Product Design, Graphics and Textiles are popular choices for students.

The Design & Technology Faculty is a well resourced faculty which consists of an innovative and vibrant team who are dedicated to raising achievement and providing students with an outstanding education.

Fullbrook offers an innovative, fully tailored CPD program which supports the needs of staff and encourages progression.

Whether you're an experienced teacher wishing to broaden your experience, or an ambitious and dynamic NQT, we want to hear from you.

As a leading member of the Guildford Education Partnership Multi-academy Trust (GEP), Fullbrook works closely with George Abbot and other partner schools to share expertise and resources to ensure a broad curriculum provision and high quality teaching.

Fullbrook is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. The successful candidate will be required to undergo an enhanced DBS clearance.

Details of the school and an application form are available on our school website.

Closing date for applications is 23 April 2018
